

CENTRAL INTELLIGENCE AGENCY

WASHINGTON, D.C. 20505

OFFICE OF THE DIRECTOR

21 MARCH 1973

MEMORANDUM FOR: Mr. William V. Broe

SUBJECT: Senate Subcommittee on Multinational  
Corporations

I have received a request from the Chairman of the Senate Subcommittee on Multinational Corporations for you to appear for questioning, under oath, before the Subcommittee in connection with its investigation of the involvement of International Telephone and Telegraph Corporation in the Chilean elections in 1970. I have reached agreement with the Chairman of the Subcommittee that your appearance would be in executive session, under oath, to present testimony limited to your conversations with ITT officials in 1970 in connection with Chile. You will respond fully, to the best of your recollection, to questions in this area from the Subcommittee and its staff in executive session, including, of course, identification of yourself and the position you held in the Agency at that time. If you are questioned by the Chairman and members of the Subcommittee, or its staff, concerning matters outside this agreed-on area, you will respectfully decline to answer any such questions and suggest that they be referred to the Director of Central Intelligence.
